SUBJECT: PRICE INCREASE EFFECTIVE JUNE 15, 2008

Dear GOJO Distributor:

GOJO will be implementing a price increase on June 15, 2008. The weighted average for this increase is 3.0%.

GOJO continues to realize increases in the cost of doing business (raw materials, transportation, energy and labor). While our efforts around cost management have been successful in absorbing a significant portion of these costs, we find it necessary to pass along this price increase.

Enclosed is a copy of your updated Professional Market Group price list. If you would like to receive a copy of the price list electronically, e-mail your request to pricingadmin@GOJO.com.

Thank you for your continued support for our products, programs and people.

Stay well,

GOJO INDUSTRIES, INC.
