October 5, 2006

Dear Valued Distributor,

Subject: 2007 Prices for ITW Texwipe products

We have attached the 2007 distributor price list. Please note, as of January 1, 2007, ITW Texwipe will be increasing the prices on most of our products. Any contract pricing will be honored through the end of the contract date.

The market prices for polyester, fuel, chemicals, and packaging materials purchased for the production of our products has increased steadily throughout 2006. This price increase is necessary to offset these significant cost increases.

The price increases vary by product and by product line. The changes generally follow these guidelines:

Product Family	Typical Price Increase, percent
Polyester wipers and mops, dry	2.0 %
Polyester wipers and mops, pre-wetted	2.0 %
Non-woven (TechniCloth), dry	2.0 %
Non-woven (TechniSat), pre-wetted	3.0 %
CleanTip Swabs	2.0 %
Poly Sat pre-wetted wipers	3.0 %
Cotton Wipers	3.0 %
Sterile Isopropanol	3.0 %

Due to the continuing uncertainty of raw material and production related costs, ITW Texwipe reserves the right to adjust pricing during the course of the year. In the event of this requirement, ITW Texwipe will issue 60 days written notice of any necessary price changes.

We look forward to working with you to expand our mutual business in 2007.

Sincerely,

Kathy Wiglesworth
