Touch-free Foam Soap

DISPENSING SYSTEM

Guaranteed PERFORMANCE

We've taken touchless technology to a whole new level. Performance of the touch-free dispensing system is guaranteed.

Rich, Luxurious Lather

Foam soap provides an extraordinarily pleasant handwashing experience. Whether you use our general handwashing formula or our antibacterial formula, you'll love our fresh new fragrances and luxurious lather.

More Handwashes per Refill

With foam soap you get significantly more handwashes per refill than you would with a lotion soap dispenser. Our 1200 mL dispenser provides 2000 handwashes per refill. Compare that with your average 800 mL liquid soap dispenser at only 550 handwashes per refill.

Touch-Free System

Restrooms of today are touchless. No one wants to touch a washroom soap dispenser after countless others have touched it prior to washing their hands. Our new touch free foam soap dispenser lets you provide people with the touch-free experience they have come to expect in the restroom. It's also ideal for foodservice or other businesses with wash stations outside of the restroom.
