RE: July 1, 2008 U.S. Price Increase and Logistic Program Changes

Dear US Kimberly-Clark Professional Distributor Customer,

This letter is to inform you that effective July 1, 2008 Kimberly-Clark Professional* will be initiating price increases averaging 8-10 percent on Washroom, Wiper, Napkin, Skin Care and Dispenser products, with select items increasing more than 10 percent. This price increase will affect the following:

- Select Into-Stock Prices
- Local Account Until Further Notice (UFN) Price Authorizations
- National Account Until Further Notice (UFN) Price Authorizations
- Fixed Term Price Authorizations will increase accordingly at expiration

Updated Into-Stock Price sheets and Price Authorizations will be available with a minimum 30-day notice in order to allow you to communicate with your customers and update your systems accordingly.

Additionally, Kimberly-Clark Professional* will be adjusting our current logistics program to address rising fuel and energy costs associated with the delivery of product. The detail and timing of these changes will be forthcoming.

We continue to work to offset the majority of the input cost increases in producing our products by continually improving productivity and sourcing actions. Unfortunately, these changes are necessary given continued inflationary conditions affecting the various input costs including waste paper, energy, raw materials and transportation costs.

As always, thank you for your continued support of Kimberly-Clark.

Sincerely,

Richard Thorne
Vice President - KCP North American Sales
Kimberly-Clark Professional
